

Weill Cornell Medical College Neurological Surgery

Philip E. Stieg, Ph.D., M.D.
Professor and Chairman

is pleased to announce the appointment of

ERIC H. ELOWITZ, M.D.

Specializing in Diseases and Disorders of the Spine
effective January 18, 2010

Eric H. Elowitz, M.D., is a board-certified neurosurgeon specializing in minimally invasive spinal surgery. Dr. Elowitz obtained his medical degree from SUNY Downstate in 1986, with Summa Cum Laude honors, and received his neurosurgical training at SUNY Health Science Center in Brooklyn. He joined the Beth Israel Medical Center staff in 1993 and was appointed Director of Neurosurgery in 2004. He later became Co-Director of the Minimally Invasive Spine Center at Roosevelt Hospital. Dr. Elowitz has presented many scientific papers at national neurosurgery meetings and in 1998 received the Young Investigator Award from the Joint Section on Tumors of the American Association of Neurological Surgeons.

Dr. Elowitz joins the Spine Center in the Department of Neurological Surgery at Weill Cornell Medical College and NewYork-Presbyterian/Weill Cornell Medical Center. Dr. Elowitz will continue his focus on the minimally invasive surgical treatment of degenerative spinal disease including herniated cervical and lumbar discs and spinal stenosis. He is committed to providing state-of-the-art patient care in a personalized environment.
